Fraud Order Against Advertiser.
Last fall we received an order for a large advertisement from David P. Taff, land man of Topeka, Kan., offering to pay us in cash our full advertising rate. Before we accepted the proposition we investigated this man's method of doing business and found it very unsatisfactory. We refused the order to protect our readers. Last week the Postmaster General issued a fraud order against this same David P. Taff. According to the postoffice inspector's report, Taff's scheme was to advertise in newspapers and by circulars for farmers and others who had real estate to sell to place the same in his hands. Following the opening of such communication he would require that he be advanced \$10 as a so-called listing fee before taking the sale of the property.

Master Joel Mountz found at his mother's place near this city a pigeon upon which was attached a leg band bearing the inscription T. C. 17975. The pigeon was tired out and unable to fly when first found.

More on the Good Roads Question.

The road question is one of the most serious of any in Powell county today. That we must have better roads, in this country however, is not a matter of great conjecture, it is a conceded fact that we must or the country will soon begin to go backward. All the timber is about gone, and the farm is now the greatest resource of profit and livelihood for the people of the county, and everybody knows that farming in an isolated district is a very unprofitable business. Four miles from town over such roads as we have in this county in the winter isolates any community, so to overcome this we must have better roads. That Powell county can have better roads every one knows to be a fact, but the way to proceed to get these roads, but few knows how.

The law provides that Fiscal Courts of the various counties may levy a tax for road and bridge purposes of not to exceed 25 cts. per year on each \$100 worth of property. A road and bridge tax of not to exceed \$1 may be levied on each male citizen between 18 and 50 years of age. The Fiscal Court may allow any tax payer to work out his road and bridge tax.

All male citizens over 18 and under 50 years of age, unless by law exempt, may be required to work on the public roads not more than six days each year or furnish able-bodied substitutes, and in cases of unusual emergency may be required to work a greater number of days. Upon the consent of two-thirds of the voters any county may issue bonds for road purposes of not to exceed two per cent. of the value of the taxable property therein. Counties issuing bonds are required to provide for the collection of an annual tax sufficient to pay the interest on them and to create a sinking fund for the payment of the principal not over forty years from the time the bonds are issued.

With the above provisions the way for better roads in this country seems clear. Our taxable property is increasing in value every year, and all we need to make it increase more is better roads. The roads of the county right now need a great deal more attention than they are likely to get all summer, and we hope to see the overseers of the various roads give them the best possible working at once that we may get the full benefit at the time when we can use them the most.

Our present Fiscal court is alert to the best interests of the county and we believe that it will provide a way to keep our roads in better condition in the future. The past year has been doubly hard on roads and almost impossible to keep them passable at all times.

Badly Injured.

John Hardwick, the eighteen-year-old son of S. W. Hardwick, of Stanton, while arranging a blast in the Natural Bridge tunnel Friday, had his face badly burned and large portions of

flesh torn away about the mouth and forehead. His eyesight was badly impaired, but not entirely lost. He was taken Saturday to a Lexington hospital for treatment. The blast which wrought the injury had been ignited, and thought to have been extinguished by water. Young Hardwick was inspecting the fuse when the explosion occurred with above results.

Valuable Mineral Water

The Upper Blue Lick Springs at Davidson, Nicholas county, Ky. is now in fine condition, has a natural flow of 12 gallons per minute. It is being bottled and shipped in all directions. It can be had at Bloom & Co's soda fountain by the glass, bottle or case. This water has more health giving qualities than any water on the market. For Liver, Stomach and Kidneys it can not be excelled. Buy a case and take home with you for future use.

Col. John W. McKinney and Dr. and Mrs. Littlepage were among the number who went to Lexington Thursday. Mrs. Littlepage went to visit her daughter, Miss Oueda, who is attending Sayers Institute while the Dr. and Col. McKinney attended the A. S. E. Barbecue.

Mrs. Wilson, of Nicholas county, is visiting her son, Pastor R. B. Wilson.

D. W. Van Arsdale, of Winchester, was in the city Saturday.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

The Range Peddlers Again.

The range peddlers are scouring the country again. They are in other parts of the State, and are most certain to be in Powell before the leaves fall again. They were here in 1884, again in 1895 and are now due to appear. The range they sell is no better than the home merchant can supply at half the cost. These peddlers like all others have slick tongues, and point out many advantages in their range over any other made. As good as these ranges may be, they can not be sold by the side of other makes, so the company is compelled to employ these smooth talkers who will make you believe black is white, if you will only listen to them, pay them a big salary and take the stove to your own house and exploit the merits of their range, deliberate put you to using the stove, and nine times out of ten when they set up a stove in your house they sell you. Though it may cost the company thirty or more dollars to make the sale, they make big money as you foot the bill in paying them such an enormous price. If you are decided that you want a range see your home merchant and give him a chance to save you twenty-five dollars or more when at the same time the merchant will make his usual small profit which is justly due him.

Wake Up! Wake Up!!

And realize the fact that I am here to help you as well as myself. Why in the name of common sense should you keep on encouraging a high price store when I am offering you the same goods, and really much fresher, at a saving of from 10 to 50 cents on the dollar. Some measly competitors will tell you all kinds of stories about shoddy goods, short weights and etc., but come and judge for yourself by giving me a fair trial. Don't knock and tell others if we make a mistake, but tell me and I will gladly do my part to correct same and thank you besides. Don't forget the fact that before I opened my grocery and cut the prices, you got only 14 pounds of sugar for \$1.00, and other goods in proportion. So if you are now able to get a little more at other stores than formerly, it's because I made it so. DALVAY.

Chestnut horse 6 by the Commoner (son of Hanover and Margerine by Algerine) dam Levissa by Brutus, second dam Llera by Fonso, third dam Accidental by Canada. Bred and raced by Talbot Bros., Paris, Ky., and sold as a three-year-old to M. H. Tichenor, of Chicago.

Dalvay's only start as a 2-yr.-old was at Washington Park track, Chicago, on July 14, 1908, when he ran unplaced in a purse race won by Blumenthal with Dunganon second and Martius third. As a 3-yr.-old, however he was well nigh invincible, being inside the money in each of his starts. With a single break, where he finished second, Dalvay won eight straight races, beating the best horses at the Chicago track. The following is his record for the year 1904:

June 29, Hawthorne—Purse three-year-old, 6 furlongs—Peter J. Somers 122, won; Dalvay 114, second; Singing Master 114, third; Fourteen Starters. Time, 1:15 2-5. \$85.

July 4, Hawthorne—Purse, three-yr.-olds, one mile—Ananias 109, won; Dalvay 102, second; Miss Crawford 104, third Seven starters. Time, 1:41 8-5. \$75.

He won, pulled up by two lengths and could unquestionably, have made better time had it been necessary. In all Dalvay won twelve races, was four times second, once third and four times unplaced. His winning totaled \$9,290.

This most excellent horse will make the season of 1907 at the stable of Thos. Conlee one mile west of Stanton at the low service fee of \$10.00.

This is an excellent opportunity for Powell county farmers to get the service of a thoroughbred horse. There is no better in the State.
